

ONGOING PROJECTS

Kathmandu Mall has large LED display outside its premise where it displays advertisement of products. Images or video, the interactive content has triggered the shopping choices of thousands of customers who walk behind the path there.

UPCOMING PROJECTS

Our upcoming projects are targeted on spots such as Jawalakhel, New Buspark (Gongabu) and Kalanki. Our products in our own LED screen technology are being set up soon in these places.

OUR OTHER PRODUCTS

We have emphasized on large LED displays for public. Apart from that, we have Solar Powered Bus Shelters, Recycle Bin (Dustbins), Street Clock (Mupi), Unipole Billboards, Trivision Billboards, Taxi Stands with Digital advertisement space and so on

Business, Information or Entertainment, LED displays meets every sort of purpose.

LED DISPLAY

What and Why ?

Large and bright screens formed of pixels to form an image. Such large displays come up with uncompromising resolution and color. This addresses large number of audience from those who are far only a few meters to those who are hundred meters away. Their size and brightness allows them to be used outdoors meeting large number of populace. In recent times, digital screens or displays in larger sizes are more in demand to capture the sense of vision of large audiences. Use LED display to sell, inform or entertain!

Possible Industries that can promote their business through LED displays

Industries of Telecommunications, Paints, Cement, Vehicles, Banks, Shopping Chains, Steel, Zinc Sheet, Restaurant, Smart phone, Electronics, Tourism, Airlines, INGOs, Shoes, Soft drinks, cosmetics, hardware, FMCG, and any other consumer industry.
